HONG KONG FACTSHEET

General Information

Languages: Cantonese, English and Mandarin

Religions: Buddhism, Taoism, Confucianism, Christianity, Islam, Hinduism, Sikhism and Judaism (2014)

Hong Kong Geography and Climate

Location: Eastern Asia, bordering the South China Sea and China

Land Area: 1,104 sq km

Climate: Humid Subtropical 16.3°C – 28.8°C

Hong Kong Economy

GDP: HK\$2,262 billion (2014)

GDP growth: 2.5% (2014)

Exports: HK\$3664 billion (2014)

Imports: HK\$4209 billion (2014)

Hong Kong Demographics (2014)

Population: 7,264,100

Population Growth Rate: 0.41%

HONG KONG FOUNDRY INDUSTRY

Industry Features

Majority of Hong Kong Foundry and Die Casting manufacturers mainly engage in OEM and ODM, business including manufacturing a wide variety of foundry and die-casting equipment, alloy production, raw material supply, foundry parts surface treatment and diverse quality products such as auto parts, medical and healthcare devices parts, aviation and critical components, high-end consumer products parts, machinery parts with close global business connection and corporation all over the world.

To advance intellectual property and lower cost of operation at the same time, various local manufacturers have established the product development site in Hong Kong and production site in Mainland China. Hong Kong manufacturers significantly involve in engineering design and development of high-value added products, at the same time, they constantly equip themselves comprehensively by conducting R&D, product design, quality control and marketing and enhance product credibility through international standards and certifications.

Exhibition

Significantly support and promote Asia's premier foundry and die-casting exhibitions, including Guangzhou International Mould & Die Exhibition which demonstrated advanced and competitive foundry and die casting technologies and products. In 2014, a significant record of 360 exhibitors and over 19,000 buyers from the top global manufacturers.

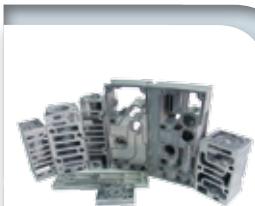

HONG KONG FOUNDRY ASSOCIATION

Hong Kong Foundry Association (HKFA) is a non-profit making association which converges over 500 professional and industry-leading manufacturers, distributors and retailers of Foundry and Die Casting Industry in Hong Kong and worldwide.

HKFA serves the Hong Kong Foundry and Die Casting Industries by providing members a platform of comprehensive support, raising the level of technology and market intelligence, facilitating closer connection and business opportunities among members, exploring opportunities of linkage and developing cooperation with local and overseas partners.

Members of the Industries are excellently equipped with well-developed high precision and advanced technologies and also high quality monitoring and management. As a significant pillar of the Foundry and Die Casting Industry in Hong Kong, HKFA devotes to enhance internal competencies, optimize the industries competitiveness, facilitate cooperation in technological advancement and talent development locally and internationally, and lead and foster the prosper of the entire Industries. Being an integral member of the Industries, HKFA leads the Industries to further explore international partnership and promotes high precision and advanced technologies which ultimately contributes benefits to the world industrial advancement.

TECHNOLOGIES

Hong Kong Foundry and Die Casting Industry owns powerful manufacturing competency and well-developed high precision and advanced manufacturing technologies which is world class in the following technological areas:

- Magnesium die casting, machining and surface treatment
- Thin wall parts die casting
- Alloy materials research & development
- Die casting simulation and cast moulding simulation
- Processing machinery and equipment building

To link up Members' competitiveness and diversified capability of foundry and die casting technologies with other strategic global partners, Hong Kong has formed a strong and professional integrated international manufacturing network through Hong Kong Foundry Association and other trade bodies.

QUALITY SYSTEMS

To enhance product credibility, many members of the Foundry and Die Casting Industry actively introduced testing equipment from Germany and Japan etc.; Also, proactively adopted international recognised quality systems and certifications such as **ISO9001:2015, ISO/TS16949, ISO13485, AS9100** and **QS9000, ISO/TS16949, ISO/IEC17025** etc. for Testing and Calibration Laboratories, volume and batch production of high precision and value-added parts and components.

AWARDS

Manufacturers of the Foundry and Die Casting Industry are well equipped with both business and technology competency. With excellent operational management, advanced technological development and comprehensive quality control, our members awarded various international recognition, including:

- **Forbes China Best SMEs in 2008**
- **International Die Casting Competition Award in 2011**
- **Hong Kong Awards for Industries: Machinery and Machine Tools Design Award in 2013**
- **Hong Kong Awards for Industries Productivity and Quality Award in 2011**
- **5th China International Die Casting Congress & Exhibition - High Quality Die Casting Parts Award in 2006**
- **The Fourth Chinese Excellent Publications Award in 2012**
- **National "New & High Technology Enterprise" in 2012**
- **China Cast Part Exhibition 2011 Best- In Class Casting**

COMPREHENSIVENESS

Not only being excellent to develop both quality conventional products, manufacturers from Hong Kong are also capable to manufacture high-value added products with conducting the process of R&D, engineering design and development, computer aided modeling and simulations, materials analysis, quality assurance and process automation manufacturing.

High-value added products includes:

- Auto parts
- Aviation and critical components
- High-end consumer products parts
- Machinery parts
- Machinery, materials and other supporting service
- Medical and healthcare devices parts
- Other precision and high quality parts

Excellence conventional products includes:

- Door locks
- High precision products
- Home Appliances
- Toys
- Watches

At the same time, Sustained Value Added Services of both technological innovation and Intellectual Capital Management are well implemented and Intellectual Property is highly valued by our manufacturers.

Established in 1966

- Aluminum Zinc Magnesium Die Casting
- Thin Wall Casting
- Weight Reduction Solution

Quality system	: ISO 9001, ISO 14001, ISO/TS 16949
Corporate Philosophy/ Presentation	: One stop Aluminum Zinc & Magnesium die casting from tooling to surface treatment. Specialized in thin wall casting and weight reduction solutions

Ka Shui Group has industry leading R & D and innovation capabilities , it has persistently engaged in the research and development of materials , technologies and services including :

Special Materials Technology

Ultra thin Rare Earth Magnesium Laptop casing

- Only 0.45mm thickness
- Extremely light weight
- Reduces Material Cost

Light weight Magnesium & Aluminum Plasma Light fixture heat sink

- Good heat dissipation
- High anti-corrosion
- Complex Structure Available

Tough Waterproof Magnesium Military Use Laptop Casing

- High temperature resistant
- Anti-vibration
- High anti-corrosion

Dual-controlling technology

Patented Die Casting & forging Dual-controlling technology Automotive parts-wheel

- Enhance the Tensile Strength and Elongation
- Improve compactness
- Decrease Shrinkages and Porosities

Surface Treatment Technology

MCC (Micro-arc Composite Ceramic) Surface Treatment

- Environmental Friendly
- Replace Passivation And Spray Painting
- Good Corrosion Resistance (Mg – 1000 hrs Neutral Salt Spray test)

MAIP (Micro Arc Ion Plating) Surface Treatment

- Metal Finish
- High Abrasion Resistance

Internationality	: Asia, United State, East/Middle/West/North Europe, Australia Clients
Corporate Philosophy/ Presentation	<p>Ultraform Industries (Group) Company Limited is a professional Aluminum, Zinc and Magnesium alloy die-casting manufacturer with factories in Shenzhen, Wuxi and Huizhou covering a total area of 80,000m². It was established in 1986. Having the honor of support from many clients, our business is expanding and has become a high-precision manufacturer specialized in mold fabricating, die-casting, CNC machining, surface finishing and assembling.</p> <p>With over 30 years of experience, Ultraform is always one step ahead of competition by providing an one stop service with advanced technology equipment. Furthermore, the certifications in ISO 9001, TS 16949, ISO14001 and ISO 13485 are making assurance to our worldwide customers. Our products are covering in automotive, motion control, computer components, lab apparatus, medical instrument, electrical communication and robotic components. They are all sold to America, Europe and Asia. We are always seeking improvement in new technology. Besides, we will achieve more in environmental protection, pollution reduction, energy and resources saving in production.</p>

XY XIANG YUAN PRECISION DIE CASTING CO. LTD.

Xiang Yuan Precision Die Casting Co., Ltd. is recognized as an outstanding manufacturer for tide tolerance precision aluminum and zinc die casting.

With a better quality and lower price among competitors, Xiang Yuan has expanded its customer base to well over 70 within the last 10 years, which including Dell, Apple, Panasonic, Osram and some other Fortune 500 companies.

We produces small and complex precision die casting components for variety of markets which include components for automobile parts, optical LED lamp components, laser equipment, pocket computer, house ware, fishing reel, heat sink, magnetic head frame, power screw driver, electric motor and lot more. We are also expert in casting precision gears for fax machines and watches.

XY offers multi-slide tool in full range of the commonly used aluminum and zinc alloys to meet ASTM and JIS standards.

We are well equipped with CAD-CAM, SolidWorks, Pro-E, UG and CMM measuring machines, which ensure we can quickly provide designs for complex products to meet customer's specifications.

Services ranging from tooling design, die casting, surface treatments, precision CNC machining and assembling.

Continuously building more value added services to our customers has developed a highly versatile and efficient team at XY.

XY also certified for ISO 9001 and TS 16949.

To become a globally excellent enterprise in precise manufacturing

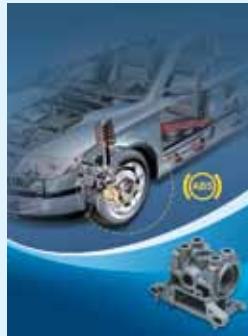

Company Profile

The company is proud of tooling design and fabrication, which has become one of the reliable suppliers in the field of die casting, plastic injection, machining.

The company is registered capital of 50 million RMB. Our products cover in tele-communication, automobile, cleaning equipment, motor, gearbox, instruments and meters, medical instrument, LED lighting and household appliances.

Scope of business

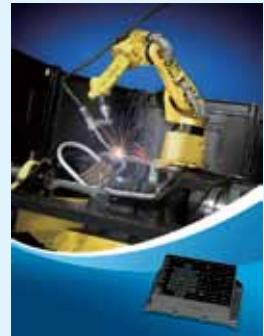

Auto Industry

We have produced parts in ABS break system -that we can produce the automobile parts with high precision and air tightness.

Communication Industry

As we are a long-term trading partner with some well-known worldwide communication enterprises, we also can provide our customer 3G/4G Base Station Body, Wave Filter, etc.

Automatic Control Industry

We buy automatic equipments; we also provide the high precision parts for automatic equipments.

📞 (852) 3412 5500 ✉ kkchan@lkmachinery.com.hk

🌐 <http://www.lktechnology.com>

Products: Die casting/ Plastic Injection Machines Manufacturing

L.K. Machinery International Ltd.

📞 (852) 3412 5500 ✉ christine.fu@lkmachinery.com.hk

🌐 <http://www.lktechnology.com>

Products: Hot & Cold Chamber Die casting Machines, Magnesium Die casting Machines, Plastic Injection Moulding Machines & CNC machines

Langtech Ltd.

📞 (852) 2512 6606 ✉ langtech@langtech.com.hk

🌐 www.langtech.com.cn

Products: Die casting machines, low pressure and gravity casting machines

Lee Fung Metal Co., Ltd.

📞 (852) 2789 0282 ✉ lchan@leekeegroup.com

🌐 www.leekeegroup.com

Products: Distributor and manufacturer of base metals and alloys including diecasting zinc alloy, diecasting aluminium alloy, electroplating chemicals, nickel and stainless steel

MACHINERY, MATERIALS AND OTHER SUPPORTING SERVICE

Lee Kee Group

📞 (852) 2789 0282 ✉ stma@leekeegroup.com

🌐 www.leekeegroup.com

Products: Distributor and manufacturer of base metals and alloys including diecasting zinc alloy, diecasting aluminium alloy, electroplating chemicals, nickel and stainless steel

Leeport Precision Machine Tool Co., Ltd.

📞 (852) 2427 7991 ✉ sales@leeport.com.hk

🌐 www.leeport.com.hk

Products: Machining Centre, CNC lathe, Boring & Milling machiens, Grinders machines, EDM machine, Wire-cutting EDM

Luen Tai Die-Casting Manufactory Ltd.

📞 (852) 2427 3233 ✉ suipong@hotmail.com

🌐 www.watai.com.hk

Products: Plaster & PU sample marking, Beryllium copper mould casting heat treatment, Electro less nickel plating, Furnace repair & maintenance service, mould assembling & casting material selling

Ming Shing Engineering

📞 (852) 2494 8218 ✉ ms@msmachinery.com

🌐 www.mingshing.cn

Products: Die casting machines; Auxiliary equipment; Lubricating oil

Lee Kee Metal Co., Ltd.

📞 (852) 2789 0282 ✉ admin@leekeegroup.com

🌐 www.leekeegroup.com

Products: Distributor and manufacturer of base metals and alloys including diecasting zinc alloy, diecasting aluminium alloy, electroplating chemicals, nickel and stainless steel

Lubbock Projects Ltd.

📞 (852) 2659 2828 ✉ solidus@netvigator.com

Products: Metal processing machinery, aluminum castings (aluminum castings), industrial chemicals, engineering, transaction management and consultancy, chemical engineeringa

Ming Shing Die-casting Machine Fty.

Products: Aluminum recycling

ACKNOWLEDGEMENT

We would like to thank the following steering committee members for their support and contribution to this project and the publication of this directory:

- Ms Ami SIN (Chairman of Steering Committee)
- Dr. W C KEUNG
- Mr Jeff TSE
- Mr Norman CHAN
- Mr K K CHAN
- Mr Francis LAI
- Mr Bosco POON
- Mr Jacky WONG
