Foreword 前言

Hong Kong has an excellent reputation in international airport, airline and maintenance services. Meanwhile, our aviation industry has been supported by different sectors of the industry. The supply chain of the Hong Kong Aviation Industry, including airlines, business aviation, MRO, ground support, component manufacturing, trading, training, R&D and consulting, has been supporting our aviation industry to provide total solutions so that we can efficiently provide comprehensive services within this aviation hub.

With the support from the Government and local enterprises, Hong Kong Aviation Industry Association had successfully published the first ever version of Hong Kong Aviation Industry Directory in 2015. The encouraging feedback initiates HKAIA to publish an updated version of the directory to update and collect more information of Hong Kong aviation-related enterprises, which is the Hong Kong Aviation Industry Directory 18/19.

This project is funded by the BUD Fund of the Trade and Industry Department of HKSAR and implemented by the Hong Kong Productivity Council. This directory aims to provide information of Hong Kong aviation-related enterprises for local and overseas enterprises to look for business partners here and bring the industry forward.

香港的國際機場、航空公司和維修服務在全球擁有良好的聲譽。同時，我們的航空業有賴業界各方面的支援。香港的航空供應鏈包括航空公司、商用航空、飛機維修、地勤支援、零部件製造、貿易、培訓、研發及顧問等，一直以來支援著我們的航空業以提供整體解決方案，使我們能夠在這個航空樞紐有效率地提供全面的服務。

有賴於香港特別行政區政府和各公司的支持，香港航空業協會於 2015 年成功發佈首版「香港航空業企業名錄」。而因為名錄於業內有非常正面的迴響，協會決定於 2017 年再次出版「香港航空業公企業名錄 18/19」，以更新及收錄更多香港航空相關企業的資料。

香港航空業協會向香港特別行政區政府工業貿易署「BUD 專項基金」申請撥款資助，推行一個名為「透過推廣『優質安全服務及製造』的專業形象，引領香港航空業進入內地通用航空市場」的項目，由香港生產力促進局負責執行。本名錄為此項目的成果之一，旨在提供香港航空相關企業的資料，協助本地及海外企業尋找業務伙伴，以促進行業向前發展。

HONG KONG YOUTH AVIATION ACADEMY
香港青年航空學會

The Hong Kong Youth Aviation Academy (HKYAA) is a charitable organisation founded by aviation professionals. Our aim is to promote aviation in Hong Kong with an emphasis on helping Hong Kong youths develop their passion for aviation and offer guidance as they pursue careers in the aviation industry.

A group of local airline pilots, aircraft engineers and air traffic controllers founded the Hong Kong Youth Aviation Academy in 2012 with the aim of helping youngsters in Hong Kong explore the world of aviation.

Through classroom lessons, site visits, soft skills workshops, group projects and professional talks, HKYAA acts as a proactive platform for aviation professionals to share knowledge and experience to the younger generation determined to join their ranks.

香港青年航空學會是由一群航空界專業人士組成的慈善團體。本會成立目的是推廣香港航空業，重點培養青少年對航空業的興趣，幫助他們投身與航空有關的事業。香港年青一代對航空界的興趣有增無減。他們渴望投身航空業，成為專業人才如：飛機工程師、航空交通管制員、飛機師等，但往往因為資訊貧乏而感到沮喪。

我們一群飛機師、飛機工程師及航空交通管制員觀察到香港年青人對認識航空業的困難，於是在 2012 年成立香港青年航空學會，幫助年青一代探索航空世界。

The HKIE Aircraft Division acts as the platform to organise learned society activities for aircraft engineers and the public. Through Learned Society activities our fellow engineers will be able to exchange knowledge and ideas, and help society at large (and in particular its youth) gain a better understanding of aviation and its contribution to Hong Kong's society and economy.
