

HONG KONG

SCREW & FASTENER INDUSTRY DIRECTORY

We offer a range of quality service. You can find the best one stop solution from Hong Kong SMEs !

Hong Kong Screw and Fastener Industry

Hong Kong, as a place of cultural exchange between the East and the West, has an excellent geographic advantage for supplying high quality screw and fasteners.

Hong Kong Screw and Fastener SMEs embrace the smart manufacturing capability to high-value-added market: Medical & Healthcare, Aviation, Automotive, Railway & Train, Fire Protection and Hydraulic industry markets. Our manufacturers have advanced production system that can meet your specific needs. We offer a range of quality service including design, production, testing, quality control and sales. You can find the best one stop solution in Hong Kong Pavilion.

Welcome to visit Hong Kong Pavilion !

Hong Kong Screw and Fastener Council

Hong Kong Screw and Fastener Council (HKSFC) was established in 2003 with the aim to foster the development of screw and fastener manufacturers and traders in Hong Kong to facilitate mutual exchange and cooperation, promoting the concept of fair trade and fair competition.

HKSFC acts as the communication channel between government and the industry to promote and enhance the status and image of screw manufacturing within the society. HKSFC also investigate latest issues and technology related to the screw industry, keeping the council members up-to-date in current affairs, especially changes to industry rules and regulations. Over the years, HKSFC has established close links with screw and fastener enterprises and organisations across different regions in Asia, USA, Europe and rest of the world. HKSFC collaborates with institutes and associations from Korea, Japan, Taiwan and China to host "The Five Regions Fastener Association Conference".

Service area

- Representing the industry to reflect opinions and make recommendations to the government
- Establish friendly and cooperative mechanisms with cross-strait and foreign screw industry groups / institutions to promote business, technology and talent exchanges between members / enterprises
- Organize various activities, including exhibitions, seminars, training, study-abroad, technical exchanges, etc., to organize joint research and development projects of new materials, new technologies and new products in the industry to promote the development of the screw industry
- Provide a platform for the industry to exchange information and collect raw materials, new technologies, market conditions and relevant industry information for members
- Provide consultancy services and patent application services and related technical support to its industry members
- Organize member networking events to enhance mutual unity and friendship

Directory List

Companies in the supply chain of Hong Kong Screw and Fastener Industry are listed in alphabetical order, including:

- Screw and Fastener Parts Manufacturers
- Screw and Fastener Machinery Suppliers
- Screw and Fastener Material Vendors
- Screw and Fastener Consultancy Service Providers
- Screw and Fastener Post-Processing Contractors
