

About Federation of Hong Kong Industries

Federation of Hong Kong Industries is the only statutory chamber established since 1960 under the *Federation of Hong Kong Industries Ordinance* (Cap. 321 of the laws of Hong Kong) to promote and foster the interests of Hong Kong's industrial and business communities. Representing manufacturing and associated businesses from 32 industry groups, FHKI brings together likeminded entrepreneurs to spearhead the advancement of Hong Kong's industry. Through policy advocacy, professional business support services and cross-sector collaboration, FHKI strives to build a dynamic industrial ecosystem to take forward transformation and re-industrialisation of Hong Kong's economy, sparking new business opportunities and charting diverse paths for the younger generation.

香港工業總會轄下  A FHKI Council

About Hong Kong Mould and Die Council

Hong Kong Mould and Die Council ("HKMDC"), established in 1989 as Group 14 under the auspices of FHKI, aims at serving the industry's needs and acts as a channel to voice up industry's need to the Hong Kong Government.

Objectives of HKMDC:

- To promote the interests of the Hong Kong mould and die industry
- To upgrade the technological level of the mould and die industry and to strengthen its competitiveness overseas
- To organise activities of interest and importance to the industry
- To disseminate relevant information to fellow members
- To represent the best interests of the mould and die industry and to advise the Government on matters related to the industry

Implementation Agent

Funded by Trade and Industrial Organisation Support Fund,
Trade and Industry Department

工商機構支援基金
Trade and Industrial Organisation Support Fund

To promote the technical competency of Hong Kong precision mould and plastic component manufacturing industry in international arena

The Project is launched by Federation of Hong Kong Industries with the funding support of the Trade and Industrial Organisation Support Fund of the Trade and Industry Department of the HKSAR Government, with Hong Kong Productivity Council as its implementation agent. It aims to introduce the Hong Kong mould and die industry's capability and promote a collective image as a turnkey solution provider in precision mould manufacturing and component manufacturing with precision injection moulding.

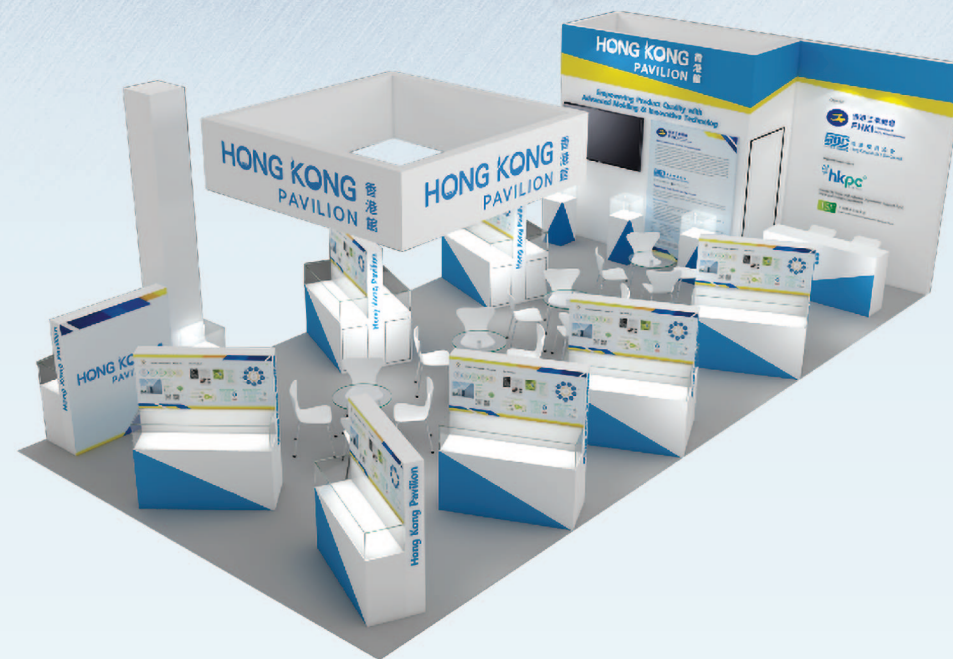

Project Deliverables

- Setting up of the Hong Kong Pavilion in the International Exhibition
 - Fakuma 2023 in Germany
 - Chinaplas 2023 in PRC
- Organising awareness seminar to explain project details
- Promoting the turnkey solution from Hong Kong Manufacturers through promotional video
- Compiling the industry directory to provide a comprehensive reference for potential overseas buyers
- Organising dissemination seminar to share the experience and market feedback collected at Hong Kong Pavilion in the international exhibition

This project is organised by Federation of Hong Kong Industries and funded by the Trade and Industrial Organisation Support Fund of the Trade and Industry Department, HKSAR Government. Any opinions, findings, conclusions or recommendations expressed in this material/event (or by members of the project team) do not reflect the views of the Government of the Hong Kong Special Administrative Region or the Vetting Committee of the Trade and Industrial Organisation Support Fund.

About Hong Kong Pavilion

Hong Kong Pavilion comprise 2 areas:

Exhibition Area

To showcase critical parts of precision moulds and precision plastic components from Hong Kong manufacturers, including the following high value added industries:

- Medical and health care
- Consumer product
- Liquid Silicone Rubber
- Automotive
- Advanced Material

Discussion Area

To provide a shared communication platform for Hong Kong manufacturers and visitor
