

About Federation of Hong Kong Industries

Federation of Hong Kong Industries (FHKI) was established in 1960 under the Federation of Hong Kong Industries Ordinance (Cap. 321 of the Laws of Hong Kong) to promote and foster the interests of Hong Kong's industrial and business communities. Representing manufacturing and associated businesses from 33 industry groups, FHKI brings together like-minded entrepreneurs to spearhead the advancement of Hong Kong's industry. Through policy advocacy, professional business support services and cross-sector collaboration, FHKI strives to build a dynamic industrial ecosystem to take forward new industrialisation, sparking new business opportunities and charting diverse paths for the younger generation.

About Hong Kong Mould and Die Council

Hong Kong Mould and Die Council (HKMDC), established in 1989 as Group 14 under the auspices of the Federation of Hong Kong Industries, has been dedicated serving the industry for over three decades. It facilitates interactions among industry players, and bridges up the industry and the Government. Nowadays, the Council has become one of the most prominent industry associations in Hong Kong.

Objectives of HKMDC:

- To promote the interests of the Hong Kong mould and die industry
- To enhance the industry's competitiveness by upgrading its technology
- To organise activities of interest and importance to the industry
- To disseminate relevant information to fellow members
- To represent the best interests of the mould and die industry and to advise the Government on matters related to the industry

Address: 31/F, Billion Plaza, 8 Cheung Yue Street,
Cheung Sha Wan, Kowloon, Hong Kong, China

HONG KONG PAVILION

EMPOWERING THE INDUSTRY WITH INNOVATION TRANSFORMATION

香港館

BOOTH NO.: **A5-5216**

To promote the comprehensive technical competency of Hong Kong precision mould and plastic component manufacturing industry through technical demonstrations in global market

In order to showcase the comprehensive capacities of local manufacturing of precision plastic parts and moulds, and to demonstrate Hong Kong's strength to global manufacturers and potential partners, Federation of Hong Kong Industries has successfully obtained funding from the Trade and Industrial Organisation Support Fund of the Trade and Industry Department to launch the project "To promote the comprehensive technical competency of Hong Kong precision mould and plastic component manufacturing industry through technical demonstrations in global market" entrusted by Hong Kong Productivity Council. It aims to establish "made by Hong Kong" as the strong brand and leading image in precision mould and die industry through technical demonstrations in global market.

UNLEASH INFINITE POSSIBILITIES

無數可能・無限價值

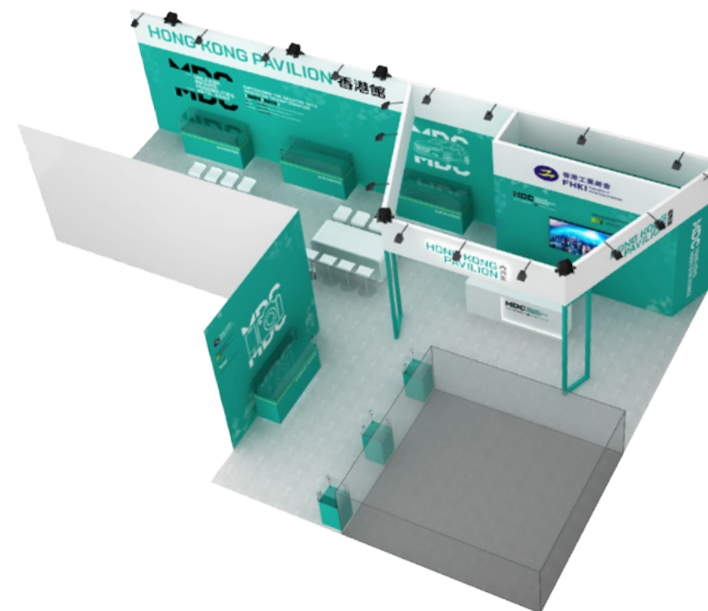

Project Deliverables

- Setting up of Hong Kong Pavilion in the international exhibitions
 - Chinaplas 2024 (23-26 April, Shanghai in PRC)
 - Fakuma 2024 (15-19 October, Friedrichshafen in Germany)
 - Chinaplas 2025 (15-18 April, Shenzhen in PRC)
- Compiling the industry directory to provide a comprehensive reference for potential overseas buyers
- Organising dissemination seminars to share the experience and market feedback collected at Hong Kong Pavilion in the international exhibition

Any opinions, findings, conclusions or recommendations expressed in this material/event (or by members of the project team) do not reflect the views of the Government of the Hong Kong Special Administrative Region or the Vetting Committee of the Trade and Industrial Organisation Support Fund.

About Hong Kong Pavilion

Hong Kong Pavilion comprises 3 areas:

Demonstration Area

To showcase an automatic plastic injection moulding line with live demonstration of the moulding process. Plastic component samples will be distributed to the visitors during the exhibition, highlighting the high-quality manufacturing technique in mould making and moulding process of Hong Kong manufacturers

Exhibition Area

To showcase critical parts of precision moulds and precision plastic components from Hong Kong manufacturers, including the following high value added industries:

- Medical and health care - Automotive - Consumer product

Discussion Area

To provide a shared communication platform area for Hong Kong manufacturers and visitors
